Notice is hereby given that on

Thursday, the 13th Day of March, A. D. 1890,

Between the hours of 10 o'clock A. M. and 4 o'clock P. M. of said day, to wit at 1 o'clock P. M. I will sell all the right, title and interest of Willow Creek Mining Company, a corporation, in and to the above described personal property, or so much thereof as may be necessary to satisfy plaintiff's claim, besides costs and interest now accruing thereon. The sale will take place at Galena Creek, at the mill of said defendant, Washoe county, State of Nevada, where said goods are situated. Public notice is also hereby given that I will on Wednesday the 27th day of March A. D. 1890, at 1 o'clock P. M. of said day, in front of the Court House door of Washoe county, State of Nevada, sell at public auction for United States gold coin, all the right, title, claim and interest of said defendant, Willow Creek Mining Company, a corporation, of, in and to the above described real estate, or so much thereof as may be necessary to raise sufficient to satisfy said judgment with interest and costs, etc., to the highest and best bidder for cash.

L. J. FLINT, Sheriff.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe, the State of Nevada, by and for the Attorney General, vs. Arthur Gibson, Defendant. You are hereby required to appear in an action commenced against you as defendant by A. E. Gibson, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days or judgment by default will be taken against you according to the provisions of said statute. The said action is brought to recover the judgment and decree of the Court dissolving the bonds of matrimony heretofore and now existing between you and the plaintiff, upon the grounds of desertion and failure to provide plaintiff the common necessities of life, though abundantly able to do so, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred, and you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I have hereunto set my hand and affixed the seal of said Court this 3d day of March A. D. 1890.

T. V. JULIEN, Clerk of the District Court of the State of Nevada, in and for the county of Washoe.

UNIVERSITY CADETS.

Late Instructions Which may Interest the Reno Boys.

G. O. 15, H. Q. A., Feb. 12, 1890.

By direction of the Secretary of War the following instructions are published for the information and guidance of all concerned:

Under Section 1225 of the Revised Statutes (as amended by the Act of September 26, 1888), the following rules are prescribed by the President for the government of officers of the army detailed as professors of military science and tactics:

I.—DETAIL AND DUTIES OF OFFICERS.

As a rule, captains of companies, regimental staff officers, or officers who have served less than three years with the regiments, or who have recently completed a tour of detached service, will not be eligible; and no details will be made that will leave a battery, troop, or company without two officers for duty with it. Whenever practicable, preference for such detail will be given to officers who have been graduated from either the Artillery School, the Infantry and Cavalry School, or the Engineer School.

The period of the detail will be three years. The professor of military science and tactics shall reside at or near the institution to which assigned, and when in the performance of his military duties shall appear in proper uniform. Officers so detailed shall, in their relations to the institutions, observe the general usages and regulations therein established affecting the duties and obligations of other members of the faculty. For the benefit of the officer and the military service, he may perform other duties at the college in addition to those pertaining to military science and tactics, and may receive such compensation therefor as may be agreed upon.

II.—ORGANIZATION AND DISCIPLINE.

1. All rules and orders relating to the organization and government of the military students; the appointment, promotion and change of officers; and all other orders affecting the military department, except those relating to routine duty, shall be made and promulgated by the Professor of Military Science and Tactics after being approved by the President or other administrative officer of the institution.

2. It is the duty of the Professor of Military Science and Tactics to enforce proper military discipline at all times when students are under military instruction, and in case of serious breaches of discipline, or misconduct, to report the same to the proper authorities of the institution according to its established methods. Upon occasions of military ceremony, in the execution of drills, guard duty, and when students are receiving any other practical military instruction, he shall see that they appear in the uniform prescribed by the institution.

III.—COURSE OF INSTRUCTION.

1. The course of instruction shall be both practical and theoretical, and shall be so arranged as to occupy at least one hour per week for theoretical instruction and at least two hours per week for practical instruction.

2. The practical course in infantry shall embrace small-arm target practice and, as far as practicable, all the movements prescribed by the drill regulations of the United States Army applicable to a battalion. Instruction in artillery shall embrace, as far as practicable, such portions of the United States drill regulations as pertain to the formation of detachments, manual of the piece, mechanical manoeuvres, aiming drill, sabre exercise, and target practice. Instruction should also include the duty of sentinels and, where practicable, encampment. Such instruction shall be given by the Professor of Military Science and Tactics personally, or under his immediate supervision.

3. Theoretical instruction shall be by recitations and lectures personally conducted and given by the professor of military science and tactics, and shall include, as far as practicable, a systematic and progressive course in the following subjects: The drill regulations of the United States Army, the preparations of the usual reports and returns pertaining to a company, the organization and administration of the United States Army, and the elementary principles governing in the art of war.

IV.—REPORTS.

He shall render a quarterly report to the Adjutant General of the army of the whole number of undergraduate students in the institution capable of performing military duty, the number required by the institution to be enrolled as military students, the average attendance at drills, the number absent, the number and kinds of drills recitations and lectures, or other instruction had during the quarter, and the number reported for discipline. Copies of all reports and correspondence will be retained by the professor of military science and tactics, transferred by him to the officer who may succeed him, or forwarded to the Adjutant General should the detail expire. On the graduation of every class he shall report to the Adjutant General of the army the names of such students as have shown special aptitude for military service, and furnish a copy thereof to the Adjutant General of the State for his information. The names of the three most distinguished students in military science and tactics at each college shall, when graduated, be inserted on the U. S. Army Register and published in general orders.

V.—INSPECTION.

The military department shall be subject to inspection under the authority of the President of the United States; such inspections to be made, when practicable, near the close of the college year. The inspecting officer shall, upon his arrival at the institution, report to the President or other administrative officer, in order to obtain from him the necessary facilities for the performance of his duty.

Following G. O. 15 is a circular of Feb. 13th, containing sundry suggestions by the War Department to colleges and other institutions entitled to the detail of army officers, briefly as follows:

The professor of military science and tactics should be a member of the faculty of the institution, with all the rights, privileges and authority of other heads of departments or professors, and should be provided with quarters on the same terms as other professors.

All undergraduate students capable of performing military duty should be required to attend the prescribed military exercises. A uniform should be prescribed. Inspecting officers should be expedited in their inspections, etc.

STANFORD'S FARM SCHEME

A COLORADO SUIT OF VAST IMPORTANCE TO IRRIGATING DITCHES.

A Fight Between Renegade Apaches and Mexicans in Which Two Are Killed.

Senator Stanford's New Measure.

Special to the Journal.

WASHINGTON, March 10.—Senator Stanford in presenting his resolution to the Senate to-day, relative to Government loans on real estate, said: From the earliest civilization there has existed in all countries the need of some commodity that will stand as a representative of values, through which exchanges can be made, without commodities themselves being passed from hand to hand. A Government bond is valuable to the holder on account of the interest it earns. As an energetic factor in the transactions of men it only amounts to the percentage which it draws, but when bondholders, by depositing it with the Government, receive back 90 per cent in Government bills, 90 per cent of its value becomes energized into an active commodity, giving employment to the energies of the country. In like manner, if farmers were able to borrow from the Government without interest a certain amount of its bills, giving his farm as security therefor to that extent, his land would become an active force and he would be enabled, while giving employment to the extent of the money loaned him, to improve the farm and increase its value to the full amount of the loan. How far the boundless resources of our country shall be put into activity depends, not only upon the active industry of our people, but upon the power necessary to induce that industry, and it should be the fostering care of the Government to see that such industry receives every encouragement. If these proposed loans could be made by the Government without risk, I do not think it would be any serious obstacle in the way of the accomplishment of the object of this resolution. In my opinion ample protection would be afforded the Government if it limited its loan to one-half or one-quarter of the assessed value of the property, given as security, and upon the appraisal of the Government officers especially selected for that duty. It seems to me the great thought of humanity should be how to help the great multitude of toilers to increase their power of production and elevate their condition, and to me one of the most effective means of placing at man's disposal the force inherent in the value of his property is thoroughly furnishing a bountiful supply of money, based upon unquestioned and secure values.

A Great Colorado Case.

Special to the Journal.

DENVER, March 10.—The Master's report in the celebrated case of T. C. Henry against the Traveler's Insurance Co., of Hartford, was filed. The report finds a cash balance due Henry of \$92,510, and that there should be returned to him collaterals aggregating over a million dollars. It also orders the cancellation of all of Henry's obligations, these obligations having been paid to the insurance company by bonds of various irrigating companies of Colorado, with which Henry has been connected. All claims made by the company for the misappropriation of money by Henry in Kansas and Colorado are rejected. The result effects one of the most important agricultural districts, and changes the legal status of more than half the large irrigating canals of Colorado. Action was begun by Henry to-day in the United States Circuit Court against the Travelers' for \$500,000 damages for illegal seizure of property. More suits for damages will follow.

After Many Days.

Special to the Journal.

DOWNTOWN, March 10.—The stage for Sierra City left here Saturday morning but only succeeded in getting about five miles when, owing the falling of a stone wall and the carrying away of a portion of the road, it was obliged to turn back. The first stage from Nevada City since February 15th, arrived this afternoon, bringing the delayed mail. Daily stages are now expected.

Eight inches of snow fell yesterday but the indications are now good for clear weather.

Vice President Morton Off on a Vacation.

Special to the Journal.

WASHINGTON, March 10.—Vice President Morton and family left for Florida Saturday. They will be absent a month. In the absence of the Vice President Senator Ingalls will preside over the deliberations of the Senate. Mr. Morton before he returns will make a short visit to some of the more important Southern cities. Arrangements are already being made in Charleston to give him a cordial reception. Other cities will likewise have demonstrations in his honor.

A Fight.

Special to the Journal.

TUCSON, March 10.—Advices from Baviup, Sonora, state that on the 4th instant a posse of Mexicans overtook and had a fight with six renegade Apaches, about 20 miles south of the boundary line. One Indian was killed, a Mexican killed and another wounded. They are the half dozen Apaches who have been degrading in Old Mexico for the last four years.

WITH A HACKMAN'S DAUGHTER.

A Young Millionaire Doctor Creates a Sensation.

FRANKLIN, March 10.—The discovery of the elopement of Dr. Willis McCray, son of the late millionaire oil king, James E. McCray, with the nineteen-year-old daughter of a cab driver, is the talk of the town.

Through the death of his father some months since, young McCray came into possession of a portion of the valuable oil property which made his father rich, and having graduated from the Toronto school of veterinary surgeons he located in Franklin and began the practice of his profession. McCray, up to the time of the elopement was living with his wife, formerly a Miss Tyson, a daughter of Cornelius Tyson, proprietor of the hotel at Foxburg, Pa. For some time past McCray has been disposing of his property and on Tuesday morning he disappeared, going in the direction of Meadville. About the same time it was discovered that Miss Brown, daughter of Fred Brown, had also left the city, and from several things that have happened recently, the suspicions of the young girl's parents were aroused. A thorough search resulted in the discovery that their suspicions were well founded and that the pair had left the city together. Information was at once made against McCray for abduction and an officer armed with a warrant immediately started in pursuit but up to this time has not been able to apprehend the couple. Mrs. McCray is left penniless.

An Indian Vendetta.

Special to the Journal.

YUMA, Ariz., March 10.—Indian runners bring news of several murders along the Colorado river in Lower California, among the Cocokah Indians. Old Chief Colorow died three weeks since, and the new chief, believing the medicine man guilty of witchcraft, caused his murder. Thereupon his relatives killed two of the slayers, and now the chief, with the balance of the tribe, assert that they will kill all of the medicine man's male relatives, including his sons. Considerable excitement prevails among the Indians. The tribe live in Mexican territory a short distance below the international line.

Taken Under Advisement.

Special to the Journal.

SAN FRANCISCO, March 10.—The habeas corpus case of John E. Naughton, who shot and killed Marcus M. Herr, in the office of the Guaranty Endowment Association last month, was argued in the Supreme Court again to-day and was taken under advisement.

A Perilous Scene.

Special to the Journal.

NEW YORK, March 10.—A fire in Ludlow street, in the Human Beehive, six stories high, nearly consumed the building to-night. There were 30 families in the building. Many daring incidents occurred, but all the occupants escaped safely.

An Accident.

Special to the Journal.

ASHLAND, Or., March 10.—Wiley Cunningham, a young brakeman, fell under a moving train at Merlin early this morning. The wheels passed over both legs, and he is not expected to survive.

Stanford's Stable.

Special to the Journal.

SAN FRANCISCO, March 10.—Senator Stanford shipped his stable, consisting of eight cars of horses, from his Palo Alto ranch, eastward this morning, in charge of Charles Marvin.

Special Announcement!

Goods To Be Sold Cheaper Than Ever!

OWING TO CONTINUED SICKNESS IN MY FAMILY, I had to stop selling my goods at auction and leave for San Francisco last week, but before leaving I gave orders to W. R. Lett, who has special charge of my store, to continue selling goods at retail for the next thirty days at fifty per cent. lower than the regular price asked elsewhere. Prior to taking stock, I am determined to make a

Southern Pacific Earnings.

The Southern Pacific Company has prepared a statement of the business done on its Pacific system for January last, the system in question including the lines west of El Paso and Ogden. In that month the gross receipts were \$1,988,276, and operating expenses \$1,611,541 40. In January, 1889, the gross receipts were \$2,306,911 88, and the operating expenses \$1,733,023 77. The decrease in net receipts over January, 1889, was \$246,153 38, the passenger revenue falling off \$78,922 64. During the month the Central Pacific line was closed eighteen days, the Shasta line seventeen, and the Los Angeles line six days.

Reclaiming California Swamps.

Senator Jones, of Nevada, is spending a large amount of money in reclaiming swampy lands near Sonoma. Of course more Nevada money going to beautify California. Nevada offers equally good investment for the Senator's millions.—Evening Gazette.

Senator Jones has been the owner of 1,000 acres of land on San Francisco Bay for the past fifteen years. He is now putting it in condition to make it of greater value, and that is all there is about any reclamation of swamp lands in California.

A Big Loss.

John S. Maybough, of Elko, finds that the general opinion at present is that the average loss of cattle in Eastern Nevada will be equal to 40 or 45 per cent. This estimate is made outside of the big holders who had made no provision for feed or shelter. It is believed they will be lucky to come out of the Winter with no greater loss than from 55 to 60 per cent. The loss of horses may reach as high as 20 per cent, or more, this death rate being chiefly among mares with foal and yearlings.

Remarkable Endurance.

The Pioche Record tells of a mare which fell into a shaft on the 12th of January and remained there eighteen days before she was discovered. She had nothing to eat except some rotten wood in the bottom of the shaft and the snow which fell or drifted in during the storms. She was given some hay before she was taken out of the shaft and when she reached the surface she trotted off as if nothing had happened to her.

Pardoned.

There was a special session of the Board of Pardoners last Saturday to consider the case of John Thompson, a young man sent from Reno for seven years for stealing a satchel from a passenger train. Thompson is nearly dead from consumption, and it was thought release from confinement might possibly prolong his life.

MRS. JUDGE LEONARD.

Her Funeral—Large Attendance—Floral Tributes.

The Sacramento Record-Union, of last Friday, contained the subjoined:

A few months ago, Judge O. R. Leonard, for many years Chief Justice of the Supreme Court of the State of Nevada, came to Sacramento to reside. His wife, Eliza, was an invalid for a long time and on Tuesday died at the residence of Mrs. Dr. Nixon, from which place she was buried. Mrs. Leonard was a native of Massachusetts. She was greatly esteemed and universally beloved in the State of Nevada, where she so long lived, and had won here a host of friends because of her high character for charity, amiability, public spirit and her scholarly and literary accomplishments. In many respects she was a remarkable woman, and impressed herself upon the community by her uprightness, her mental attainments and her unselfish activity for the good of others.

Her funeral was very large attended. Her close friend, Mrs. Jennie Hamilton, of Carson, came here as a mourner. There was a wealth of floral tributes to her memory of exceptional number and rich character. Rev. John F. von Herlich officiated, and delivered an extended address, referring to the beauty and worth of the life of the deceased. Mr. Bailey sang a funeral hymn, and a quartette, consisting of Mrs. Dr. Pinkham, Miss Daisy Siddons, and Messrs. Cohn and Desmond, sang at the residence and at the grave. The pall-bearers were Judge J. W. Armstrong, A. F. Catlin, Mr. C. H. Bond, L. S. Taylor, James B. Baker, of Union, N. Y., C. H. Cummings, Add. C. Hickson and J. A. Woodson.

Arbor Day Proclamation.

STATE OF NEVADA, EXECUTIVE DEPARTMENT.
CARSON CITY, NEV., March 5, 1890.

WHEREAS, By an Act of the Legislature of the State of Nevada, approved February 10, 1887, "Arbor Day" is established and made "a holiday for the public school;" and

WHEREAS, By the terms of said Act the Chief Executive is requested to make proclamation of said day thirty days prior to its observance;

I, C. C. Stevenson, Governor of the State of Nevada, do hereby proclaim and set apart Friday, the fourth day of April, A. D. 1890, as Arbor Day, and earnestly request its observance throughout the State, especially by all the teachers and pupils of the public schools, and that said Act be read by teachers to pupils, and its wise and salutary provisions explained. It is recommended that Arbor Day, so established, be observed by the people of the State in the planting of trees, shrubs, and vines, in the promotion of forest growth and culture, in the advancement of public and private grounds, places and ways, and in such other efforts and undertakings as shall be in harmony with the character of the day.

In witness whereof, I have hereto set my hand and caused the great seal of the State to be affixed. Done at Carson City, Nevada, this fifth day of March, in the year of our Lord, one thousand, eight hundred and ninety. C. C. STEVENSON, Governor.

J. M. DORRAN, Sec. of State.

Storm Indications.

The truckee Republican says:

The generally accepted phenomena which are supposed to indicate the approach of a storm in these mountains are a falling barometer, a strong wind from the southwest, accompanied by acute rheumatic pains, in some individuals. Some also claim that the moon, according to its position, foretells of the storm. This winter the heavy storms have in each case been preceded by other and startling phenomena. For instance we have noticed that just before a storm the following would occur: The railroad company would discharge all the snow shovellers. Everybody would just finish a terrible hard job of shoveling paths through the snow.

Schaffer would commence hauling hay. Many people would be out of firewood. The Surveyor General of Nevada would predict fair weather; also the Graes Valley Telegraph.

"Deaf Bob" would store away his snow shoes for next year. Photographers would be printing pictures of mountain scenery. The ice men would pray for cold weather. Whether these signs produce the storm or that a storm already approaching causes these manifestations can only be determined by scientific investigation. Evidently A. O. Cooke has been a close observer of these phenomena, because he has been the only weather prophet we have had in our midst this year.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Notice.

On and after July 19, 1889, George Becker, proprietor of the Reno Soda and Bottling works, will fill and deliver in Reno:

Soda, cream and lemon, per doz.	\$ 50
Sarsaparilla, per doz.	50
Ginger ale, per doz.	75
Sarsaparilla and Iron, per doz.	75

Water Going to Waste.

The Silver State says if the water that is now going to waste could be stored and used for irrigating purposes next Summer, tens of thousands of acres of land, which now produces nothing but sagebrush, could be converted into grain and alfalfa fields.

A Good Man.

The Astoria Revere says: W. H. Jackson intends sending his two boys to his wife on the next train as the latter has lately obtained a divorce at Reno.

Go to Lange & Schmitt's for ranges, and cook stoves. Best assortment in the State.

John D. Yost Issues.

John D. Yost, a member of the firm of H. S. Crocker & Co., printers and stationers, has been stricken with a very serious illness. He went East during the hot weather last Summer, and received a sunstroke while passing through the State of Iowa. Upon his return here his condition at once alarmed his friends. His brain seemed to be seriously affected, and he continued to grow worse until his family came to the conclusion that he could be more skillfully treated in an asylum, and he was consequently removed to a private institution. His recovery is considered doubtful. —From the San Francisco Post, March 6.

An Eye-Sore to Be Removed

New York's legislature thinks of spending \$66,000 in improving Niagara falls. That sum paid out for funeral expenses of Niagara hackmen would make the great natural phenomenon doubly attractive. —Chicago Tribune.

WHAT ON EARTH

Is the reason people will not, can not or do not see any difference in cheap nostrums put up by cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BREGG'S BLOOD PURIFIER. AND NO MAN MAKES every bottle that does not do it. It will cost you nothing.

OSBURN & SHOEMAKER, Druggists

The House Military Committee at its meeting February 25th decided to report favorably H. R. 477 confining the appointment of civilians to Second Lieutenancies in the Army to members of the National Guard and graduates of State military colleges.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and we ask you to try Hood's Sarsaparilla. It strengthens the system, creates an appetite, and tones the digestion, while it eradicates disease. The peculiar combination, proportion, and preparation of the vegetable remedies used give to Hood's Sarsaparilla peculiar power. No other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Peculiar Medicine, and is worthy your confidence.

Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the County of Washoe, defendant, greeting: You are required to appear in an action commenced against you as defendant by Maria Albert, as plaintiff, in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover the judgment and decree of the said Court dissolving the bonds of matrimony now existing between you and said plaintiff, on the grounds of extreme cruelty on your part toward her, practiced by you since the marriage between you and said Maria Albert, all of which will more fully appear from the complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I have hereunto set my hand this 13th day of February, A. D. 1890.
